DOCKET NO. 2020-275-S

IN RE: Application of Condor Environmental, Incorporated Requesting an Expansion of Its Existing Sewer Service Areas to Include Certain Portions of Anderson County and Saluda County, and Approval of Agreements

**PETITION TO TERMINATE OR LIMIT
THE SCOPE OF INSPECTION, AUDIT,
OR EXAMINATION**

Pursuant to S.C. Code Ann. § 58-4-55(B), and SCRCF Rule 26(a), Condor Environmental, Inc., moves to terminate or limit the scope of inspection or audit or examination conducted by the Office of Regulatory Staff through its First and Continuing Request for Books, Records, and Other Information of December 11, 2020, because they are unnecessary, unduly burdensome, and unrelated to this application.

Condor requests the Commission terminate ORS's requests 1-16-19 (2019 Wastewater Report) 1-20 through 1-26 (2020 ORS Billing Statement Review) because they inquire about matters unrelated to this application. Condor is requesting permission to serve two subdivisions, and these discovery requests go way beyond the scope of this proceeding. ORS should not delay the Commission's prompt consideration of this application by using the proceeding as a vehicle to conduct a lengthy review of the company's 2019 Annual Report or its billing statements for all the subdivisions served by the Company.

Condor requests the Commission stay the 15-day period set by ORS for response to these requests until it rules on this motion. Condor also does not waive its right to object to requests individually by making this motion.

Respectfully submitted,

s/ Charlie Terreni
